

## Fort Worth Chinese School

The Fort Worth Chinese School was founded in early 1980s and has been in service for almost 27 years serving the metropolitan Fort Worth community. Its purpose is to teach the Chinese language, and the history, the custom and the culture of the Chinese traditions.

We offer five levels of Chinese language classes from preliminary to advance for Pre-K children to adolescences every Saturday afternoon for two hours. We also offer additional cultural elective courses in music, art, science and math or Chinese computer language program in the third hour. In addition, we offer our parents ESL classes free-of-charge.

The cost for the program is at \$120 per semester, plus registration fee \$10 per family, for a total of 15 classes with 3-hrs each. The minimal cost is used mainly for teaching materials, utilities and teacher's salaries.

The Saturday Chinese language program is currently being held at 4625 Granbury Rd. Fort Worth (near Hulen Mall and off I-20 and Granbury Rd.) every Saturday afternoon other than major holidays from 1:30pm to 4:30pm.
